How Shall He Walk?

At a recent meeting of the Easley city council an ordinance was passed requiring the Southern railway to establish yard limits in Easley, and further requiring all trains to come to a full stop when entering the said limits, and have the flagman precede each train while it was passing through said limits. A copy of this ordinance was submitted to the officials of the road and in reply they have requested a hearing before the council before the ordinance is put into operation.—Easley Progress.

We understand the railway officials wish a hearing in order to find out just how the flagman shall proceed, whether they must walk like Charlie Chaplin or walk on their hands.

Pickens Association Notes

Baptist Courier.

When Moderator C. E. Robinson of the Pickens association declined re-election, the body turned as one man to Pastor J. E. Foster. And it was an honor richly deserved. He is one of those unselfish men who think only of serving and who are the only ones surprised when honors come their way.

Brother S. E. Welch is one of the young pastors of the Pickens association. He is serving Nine Forks, Forestville, Columbia and Highland churches. These churches are not all in the Pickens association. In fact, only one of them is. They represent four associations and are a typical field. But they have a fine young pastor.

We met Brother T. E. Durham at the Pickens association. Bro. Durham was ordained about a year ago and finds all the work he can do. This year he is serving the following churches: Glenwood, Liberty No. 2 and Smith's Grove.

Raz Barlow says being a member of the Excelsior Fiddling Band is a great strain on his fiddle.

A lively shooting affray took place at the dance on Gimlet Creek Saturday night, but the Excelsior Fiddling Band was making so much noise only a few close bystanders could hear it.

While Atlas Peck was over at Rye Straw yesterday buying some winter supplies he met a friend he had not seen before in fifty years. He recognized Atlas by the hat he wore.
